RADIO STATION
KDOM 1580 KC.

Telephone TEmple 1-3908
Windom, Minnesota

Mr. John Sampson
570 Prospect
Hutchinson, Minnesota

Dear John:

Thankyou for your reception report of our station. This will confirm that report.

We utilize a directional antenna that concentrates our signal in a northerly direction resulting in excellent coverage. I have, myself, listened to our signal in Hutchinson and know that we do get some interference from Charles City, Iowa, as you note.

Again thanks for the report and if you are in Windom anytime drop in and say hello.

Yours Truly
Paul C. Lund
Chief Engineer
